

Program Objectives:

1. Discuss the latest trends in the care of the arthritic knee.
2. Describe the multidisciplinary team perspective needed in addressing the needs of the surgical knee patient.
3. Distinguish between treatment options for pediatric and adult fractures of the femur, humerus and forearm.
4. Discuss skin care priorities for the patient with a fracture.
5. Describe the evolution of total joint arthroplasty to include gender specific knee replacement surgery.
6. Identify current trends and care strategies in the acute care setting for patients undergoing total hip replacement.
7. Describe the latest treatment options available for cervical disc disease.

Designation Statement

It is Lehigh Valley Health Network's policy to ensure balance, independence, objectivity and scientific rigor in all of our sponsored educational programs. Faculty and all others who have the ability to control the content of continuing education activities sponsored by Lehigh Valley Health Network are expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).

Lehigh Valley Health Network is an approved provider of continuing nursing education by the PA State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Registered Nurses attending the entire program and completing the evaluation tool will receive Five Contact Hours.

Approval of this continuing nursing education activity refers to recognition of the educational activity only and does not imply ANCC Commission on accreditation or PA Nurses approval or endorsement of any product.

Target Audiences:

Registered nurses, licensed practical nurses, physical therapists, occupational therapists, social workers, case managers and other health care professionals caring for the orthopaedic patients in acute care, sub-acute care and rehabilitation settings.
