

What's a Mini Medical School?

It's a chance to gain in-depth, current medical knowledge from experts. Education is part of Lehigh Valley Hospital's mission as a teaching hospital. Our doctors and other experts are the faculty for Mini Medical School.

Course content is designed for adults, although we also welcome high school juniors and seniors. At the end of the fourth session, participants earn a certificate of completion. Tuition is FREE but registration is required as space is limited.

Hot on the Trail

The life and death realities of forensic medicine

A four-week series including the role of forensic pathologists, what happens during an autopsy, how different disciplines collaborate to solve crimes, and how the evidence helps put criminals away and saves the innocent. Includes a **tour** of Lehigh Valley Hospital's new morgue in the Kasych Family Pavilion and the Forensic Sciences Exploration Expo where you're the detective in solving a medical puzzle.

Who Should Attend

This Mini Medical School will provide in-depth information about forensic medicine in an easy-to-understand format. You should consider attending if:

- You want to understand forensic medicine and how it helps solve crimes
- You're considering a career in health care or science

Conference Planning Advisors

Peter E. Fisher, M.D., M.B.A.
Chair, Department of Pathology
and Laboratory Medicine

Samuel Land, M.D.
Forensic pathologist

Faculty

Barbara Bollinger, M.D.
Forensic pathologist

Daniel F. Brown, M.D.
Forensic neuropathologist
Medical Director,
Health Networks Labs

**Lehigh County District
Attorney's office:**

Mathew S. Falk
Chief Deputy D.A.,
Supervisor Special
Offenses

Steven M. Luksa
First Assistant D.A.

Diane M. Marokovitz
Chief Deputy D.A.,
Grand Jury Supervisor

Stephen Van Natten
Chief of Prosecutions

Trooper Rob Clark
PA State Police, Harrisburg

Elizabeth Evans, D.O.
Emergency services
physician

Barbara Fadale, R.N.
SAFE (Sexual Assault
Forensic Examiner)

Scott M. Grim, D-ABMDI
Lehigh County coroner

Samuel Land, M.D.
Forensic pathologist

Kenneth Mayberry
Forensic scientist,
PA State Police

Brian Mongrain, R.N.
Trauma core nurse

Michael Pasquale, M.D.
Chief, Division of Trauma

Trooper McLean K. Peeke
PA State Police,
Forensics Services Unit

Joann Sell
Manager, Toxicology,
Health Network Labs

-Cedar Crest, auditorium

Mini Medical School

Hot on the Trail

*The life and death realities
of forensic medicine*

April 2, 9, 16, 23, 2008

6:30 – 9 p.m.

Lehigh Valley Hospital
–Cedar Crest, auditorium

Tuition for this Mini Medical School is free, but registration is required.

Register online at lvh.org or call 610-402-CARE.

Session 1, April 2 • 6:30 – 9 p.m.

Uncovering the Clues

Learn the truth about what forensic medicine is and isn't. Case studies will explain how doctors and pathologists identify the cause of death or treat the patient. Find out how Lehigh Valley Hospital gets involved in the patient's or victim's case, what's involved with a trauma alert, who is part of the trauma team and how evidence is collected.

Speakers:

Samuel Land, M.D., *Forensic pathologist*

Michael Pasquale, M.D., *Chief, Division of Trauma*

Brian Mongrain, R.N., *Trauma core nurse*

Session 2, April 9 • 6:30 – 9 p.m.

Partners in Detecting Crime

Discover who forensic pathologists work with to make the case, including the roles of the coroner and police at the crime scene. Also, take an in-depth look at what happens during an autopsy.

Speakers:

Barbara Bollinger, M.D., *Forensic pathologist*

Scott M. Grim, D-ABMDI, *Lehigh County coroner*

Trooper McLean K. Peeke, *PA State Police,
Forensics Services Unit*

Warning: Some presentations may contain graphic images.

Session 3, April 16 • 6:30 – 9 p.m.

Putting the Pieces Together

Solving a crime involves the collaboration of different fields. Learn about S.A.F.E. (sexual assault forensic examiners) and how they gather evidence in these sensitive situations, new developments in DNA analysis and the role of the laboratory in drug testing.

Speakers:

Barbara Fadale, R.N., *SAFE (Sexual Assault Forensic Examiner)*

Elizabeth Evans, D.O., *Emergency services physician*

Joann Sell, *Manager, Toxicology, Health Network Labs*

Trooper Rob Clark, *PA State Police, Harrisburg*

Kenneth Mayberry, *Forensic scientist, PA State Police*

Daniel F. Brown, M.D., *Forensic neuropathologist*

Session 4, April 23 • 6:30 – 9 p.m.

The Verdict Is In

Find out how the district attorney uses the work of forensic scientists to put away criminals and save the innocent. Visit the Forensic Sciences Exploration Expo and take a tour of the new morgue.

Speakers:

Lehigh County District Attorney's office:

Mathew S. Falk, *Chief Deputy D.A.,
Supervisor Special Offenses*

Steven M. Luksa, *First Assistant D.A.*

Diane M. Marokovitz, *Chief Deputy D.A.,
Grand Jury Supervisor*

Stephen Van Natten, *Chief of Prosecutions*

Samuel Land, M.D., *Forensic pathologist*

Forensic Sciences Exploration Expo (Only during Session 4)

Here's your chance to get up-close and personal with the experts in forensics. Ask questions, take a tour of Lehigh Valley Hospital's new morgue and learn about careers in forensics.

Also, collect clues from throughout the expo and be a detective in solving a medical puzzle. Prizes awarded.
